REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation, and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind. I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

Mrs. JOSE HAN, R. F. D. 1, Box 22, Shamrock, Missouri.

Since 1854 Quaker Ranges Have Stood the Test of Daily Service!

A Record That Is Without Comparison

To have commanded public confidence all these sixty years is indeed a proud distinction, but greater still is this fact—Quaker Ranges represent the surest and best ideas of modern range development. That is why the Quaker Range today, like the Quaker Range of old, commands it self immediately to so

many buyers. Stately in its simplicity, nothing is lacking that will add to ease and certainty in baking, and what is just as important, nothing is added for appearances that may hinder rather than help.

Be Sure You See Quaker Ranges Before Deciding

RANDOLPH

The juniors of the Methodist church held a fund sale in the vestry of their church on Saturday afternoon, when they realized \$6.36, which they presented to the Sunday school superintendent towards the expenses of the school.

George Nichols, while hunting for deer, shot a bear and brought the same to Randolph. The weight was not known, but the animal was thought to be a yearling.

Mrs. Ann Moulton left on Saturday for Hartford, where she went to pass the winter with her daughter, Mrs. Ben Briggs, having closed her apartments in the Walcott house on the Highlands.

The same day her sister, Mrs. Melissa Chadwick, left her rooms in the John Moses house for the winter, and went to her brother's, Silas Chadwick, to remain for the next few months.

Mrs. Florence Hamblin left on Sunday night for Brooklyn, N. Y., where she went to enter the Methodist hospital for surgical treatment. Mrs. Hamblin has been there several times previously and has been much improved.

Miss Minnie Carpenter went to Warren Saturday to visit her brother and family for several days.

Mr. and Mrs. Frank Biethrow of White River Junction, after passing several days with Mrs. Biethrow's mother, Mrs. M. T. Merrill, left on Saturday for their home.

Mrs. Perley Clifford, who came Tuesday to visit her aunt, Mrs. A. A. Chadwick, left on Saturday for her home in Windsor.

Miss Winifred Richmond is in St. Albans, where she is to remain with Rev. and Mrs. G. W. Smith till after Thanksgiving.

G. A. Osha, real estate agent, has sold for W. H. Kendall, the Henry Holman farm to Truman S. Delaney of Hinsdale, N. H., who will at once take possession of the same.

Randolph boasts of as good a water system as many towns and cities in the state. The system was first installed in 1897, at a cost of \$22,000, and since that time additional springs have been bought, which necessitated more piping, till at this time there is eighteen miles of piping. The first payment on the bonds was made in 1903, and since that time payments have been made at different times till last July Mr. Hubbard made out a check for the balance. This system not only provides for a protection in case of fire, but also furnishes power for motive run for business and manufacturing interests, and now that the village is clear from debt on its account the corporation is justly proud.

Miss Nora Batchelder, who is now recovering from a serious illness, was accompanied by her nurse, Miss Lucille Jackson, to Montpelier, where she was not by an aunt, who took her to Plainfield for the winter. Her father, A. E. Batchelder, left this week for Dunedin, Fla., where he went to pass the winter.

Mr. and Mrs. M. M. Wilson have been on a trip to New Haven, Conn. for the last week, and also visited Boston and Worcester, Mass., on their trip.

Mrs. Douglas Barclay of Barre, with her children, has been with Mrs. Barclay's parents, Mr. and Mrs. E. A. Macdonald, and on their return they were taken home in the car of Mrs. Barclay's brother, John Macdonald.

R. A. Manchester has recently returned from a several days' stay in Boston, where he went on a business trip.

TRAIN PLUNGED UNDER BANK.

But No One Was Injured in Accident North of St. Johnsbury.

St. Johnsbury, Nov. 22.—Traffic was tied up on the Passumpsic division of the Boston and Maine railroad for six hours Saturday on account of a bad freight wreck at the Summit 11 miles north of this place.

A heavily loaded train ran into a car of railroad iron which was being used in repair work and the engine and eight cars were derailed. The locomotive left the iron and crashed down a 50-foot embankment, bringing up on its side and six of the cars followed it. Engineer Fred Woods, fireman Henry Rogers and brakeman John Frapple were in the cab of the engine, and, having no time to jump, took the plunge. None was injured.

The cars were loaded with flour, corn and general merchandise, which caused slow work in cleaning up the wreck.

During the tieup passengers and baggage on trains going both ways were carried by the wreck in teams and automobiles.

PLUMBER SAVES BIG SHIP.

Pays Small Sum, Floats Vessel and Sells for \$197,000.

Boston, Nov. 22.—The steamship Carolyn, which three years ago was considered a hopeless wreck when she lay on Metinic ledge, of the Maine coast, has been sold by William B. Johnson to the Harty Steamship company of New York for \$197,000.

When the Carolyn lay on the ledge, two wrecking companies tried in vain to float her and Johnson, a Boston plumber, bought her as she lay for a few hundred dollars. Then he with a gang of men succeeded in getting the wreck off the rocks.

She was repaired and since the war has made profitable trips to Europe.

PLAINFIELD.

The Chatham Concert company will give an entertainment Saturday evening, Nov. 20, at the opera house. Tickets may be obtained at E. F. Leavitt's. The company comes highly recommended. Admission, 25c.—adv.

GRANITEVILLE.

Don't miss the greatest moral drama, "East Lynne," at the Granite theatre in three acts of motion pictures, also "The Prima Donna's Mother," and the famous Billy Reeves comedy.—adv.
